Chennai, Tamil Nadu - 600053, India

OBJECTIVE

Motivated and detail-oriented recent graduate with a strong foundation in HTML, CSS, JavaScript, and modern frontend frameworks React. Eager to contribute to a dynamic team by building responsive and user-friendly web applications. Seeking an entry-level Frontend Developer position where I can apply my problem-solving skills, passion for web development, and continuous learning mindset to help create seamless and engaging user experiences.

SKILLS

- **Web Technologies:** HTML, CSS, Bootstrap, JavaScript, React.js, Python
- **Database Systems:** MySQL

PROJECTS

- **User Dashboard**

Tools: [HTML, CSS, JavaScript]

[ [Github link User Dashboard](#)]

- The User Dashboard is a web-based interface designed to provide administrators with a comprehensive view and control over various aspects of a web application. This project utilizes HTML for structure, CSS for styling, and JavaScript for interactivity, ensuring a responsive and user-friendly experience.

- **Food Ordering App**

Tools: [HTML, CSS, JavaScript, React.js]

[ [Github link Food App](#)]

- The Food Ordering App is a web-based interface designed to order food based on users choice. This project utilizes React js as a main font-end library to ensure a responsive and user-friendly experience.

- **Weather App**

Tools: [HTML, CSS, JavaScript]

[ [Github link Weather App](#)]

- A responsive Weather App created with HTML, CSS, and JavaScript, using the OpenWeather API. It delivers real-time weather updates, including temperature, humidity, and forecasts, based on user location or search queries. Features a clean, intuitive interface with dynamic visuals for an engaging user experience.

- **Coffee Ordering Website**

Tools: [HTML, CSS]

[ [Github link Coffee Shop](#)]

- Create a visually appealing and user-friendly website for a coffee shop that enhances the customer experience and promotes the shop's brand. This project utilizes HTML for structure, CSS for styling, and Bootstrap for interactivity, ensuring a responsive and user-friendly experience.
